---

We found with the AGM that last minute requests the day of the meeting are challenging to handle effectively and we appreciate your help by sending your request asap!

We will email everyone who has sent in a request a zoom invite and link to the virtual meeting a couple of days in advance and then again Saturday evening.

Please send your ideas, comments and questions to [meetings@hornbyislandcoop.ca](mailto:meetings@hornbyislandcoop.ca) to be reviewed and included in the meeting agenda. Or please feel free to simply attend and bring your perspective at that time.

The Vision of our Co-op is that together, we will be the thriving and vibrant economic hub and heart of Hornby Island.

Our Mission is to provide the quality of facilities, goods, and services that encourages member and employee confidence and commitment to our co-operative.

Please consider how we can fully provide these things to you and your families. We are here for you, and your input is very much appreciated.

Thank you!
